State Shared Revenues (Fiscal Year to Date: October 2023)

Actual to Budget variance of (\$0.8) million or (2%): The unfavorable in State Shared Sales Tax is due to the State's revenues collections less than forecast. The Joint Legislative Budget Committee (JLBC) stated that the sales tax revenues loss is due to slow down customer consumption: the retail and restaurant/bar classifications grew less than expected, offset by a slight overperformance seen in the contracting classification. The unfavorable variance in State Shared Income Tax is due to lower-than-expected payments and higher-than-expected refunds. The unfavorable variance in Auto Lieu Tax is due to timing of vehicle license renewals.
