Activity Title: Collage Basics

Description: We'll explore the basics of paper collage from collecting materials to creating a layout. Various papers, magazine images, ephemera, rubber stamps and markers are some of the materials applied to make several collages in a small journal (3.5 x 5.5) you'll take away as a reference and a place to continue collaging! We'll start with materials from the class kit and progress using the materials you'll bring from your stash. A kit fee of \$7 cash will be collected in class in addition to the course registration fee.

Please bring these supplies to class:

- Scissors, pencil, ruler
- Liquid Glue
- Glue Stick
- Colored pencils, markers
- Flat paint brush

Optional items from your stash:

- small die cuts/stickers
- small magazine images (botanical, scenery, etc.)
- craft paper scraps
- ribbons, lace
- stencils
- washi tape
- word/letter stickers
- stamps and ink pads
- tissue paper/printed napkins
- Small book/journal of your choice (if you'd rather use one you have instead of the one provided in class. Should have blank light-colored pages.)
